

## Payroll Like Never Before

**Profiles**  
Import, store, and manage employee and company info.

**Payroll**  
Run payroll and statutory payments online and generate monthly pay records punctually. Employees can view their payslips online anywhere, anytime.

**Leave (optional)**  
Preset and customisable leave types ie. Annual, Maternity, and Sick Leave can be calculated more quickly. Employees can also apply for cuti on-the-go with Leave app.

**One-Central Dashboard**  
Manage staff profiles, payroll, leave, and integrations to other software

**Easy for Newbies**  
User-friendly that non-HR professionals can use it right away.

**Self-Sufficient HR**  
Start running payroll and managing leave right away from wherever you are.

**Compliance Comes First**  
Updated with the latest Employment Act and statutory regulations
